SUMMARY

Computer Programming Student at Technological University of the Philippines in Manila with 2 years of experience in building full stack web application webhooks and AI-powered systems.

PROJECTS

HealthSync Clinic Management System

SEPTEMBER 2025

- Build a web-based clinic management system, simplifying the school nurse's workflow through digital records, real time communication tools and streamlined healthcare processes.

A Cup of Cafe

JUNE 2026

- Designed and developed a story-driven digital featuring scroll animations, custom cursor interactions and a fully responsive build across screen sizes.

Digital Father's Day

JUNE 2026

- Created an Interactive tap-to-open envelope, revealing a scripture-rooted tribute to the congregations pastors with personalized letters scroll triggered reveals and a closing message of gratitude.

JULIA AI

SEPTEMBER 2026

- A cat-themed AI chat companion that responds in five languages, generates images from a simple text request, and understands photos you share through natural conversation.
